

## Day 11

### The Safety of Submission

#### Scripture

**“Obey them that have the rule over you, and submit yourselves: for they watch for your souls...” – Hebrews 13:17 (KJV)**

#### Insight

Submission is not slavery; it is safety. God places leaders over us to watch over our souls, giving counsel and covering that protect us from spiritual harm.

Those who reject submission often find themselves exposed to unnecessary battles. God works through authority structures to provide guidance and direction.

The safest place in the Kingdom is under God’s appointed covering.

#### Reflective Questions

- Do I view submission as safety or as restriction?

#### Actionable Steps

- Make one decision this week with your mentor’s input before finalizing it.

#### Meditation

Visualize yourself walking beneath a large, sturdy umbrella during a storm—not because you are weak, but because you are wise enough to stay covered. That umbrella represents the spiritual covering God has provided. As rain beats down and winds swirl, you remain secure, shielded by obedience and protected by divine order. In that place of submission, peace and direction flow freely.
