

Day 21 – Favor Grants You Authority

Scripture

Genesis 41:40 – “Thou shalt be over my house, and according unto thy word shall all my people be ruled...”

Devotional Thought

Joseph was a prisoner one day, and by the next, he became governor of Egypt. What caused such a dramatic turnaround? Favor. When favor rests on you, it grants you divine authority and causes men to submit to your leadership.

Authority that comes by favor is not seized—it is bestowed. When God favors you, people will listen to your voice, follow your instructions, and align with your vision.

Practical Application

Stop doubting your leadership potential. Trust that God's favor has given you authority in your sphere of influence.

Meditation

God's favor grants me authority and influence.

Prayer

Lord, by Your favor, grant me authority in my calling, family, and community, that Your name may be glorified.
